### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Eunhee Park on 30 July 2008.

#### *Claim 4*

## **ALLOWANCE**

Claims 3-4 and 15-17 are allowed.

### ***Reasons for Allowance***

The following is an examiner's statement of reasons for allowance: the prior art of record fails to teach or suggest the claimed invention. Specifically, the prior art of record fails to teach or suggest collecting a first and second profile, predicting an impact on the executing application based on the profile and actions, adjusting the first profile to form a normalized profile according to the predicted impact, applying the actions and detecting a phase shift, as recited in independent claims 3 and 4.

The prior art of record, **Arnold**, failed to disclose the independent claims as recited, including "detecting a phase shift in the executing application by utilizing the normalized profile and the second profile".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
